# Let UM launch your global career

Enhance your student experience, build your skills and develop your co-curricular record by getting involved outside the classroom through Co-op.

## PRACTICAL PAID WORK EXPERIENCE

Following ICM completion, you may be eligible to take part in a Co-operative Education (Co-op) Program as a UM student. Co-ops combine classroom knowledge with practical paid work experience to further enhance your skills — and have you career ready when you hit the job market.

Students who participate in a Co-op program develop networks and career opportunities that help them find jobs quicker and receive higher salaries than students who graduate without such a program.

Top employers partnered with the UM's co-op programs include:

*"The Asper co-op program is such an amazing experience. It gives you so much edge in the market and direct exposure to what a Canadian workplace can look like. You can also apply everything you learn in class to a real-life workplace so you can decide if this is what you want to pursue in the future. It's a great opportunity to learn and develop your skills before you graduate."*

# Conditions of enrolment

1. For the purposes of this Fee Refund Policy, tuition, fees and charges are defined in terms of one full-time term of study (four courses) in any program at ICM.
2. Students may dispute ICM's decision regarding a refund by submitting a written request for reconsideration, together with details supporting their request, to the ICM College Director. This process does not restrict the student's right to pursue other legal remedies.
3. In cases of the cancellation of enrolment or withdrawal from a program or course, the cancellation fee, administration charge, if relevant, and the refund of tuition, fees and charges, is calculated as shown in the table below.
4. In cases of deferrals, the tuition, fees and charges paid by the student will be retained by ICM, without interest or penalty, until the student recommences their studies or withdraws from ICM.
5. If the student withdraws from ICM after having deferred, the Fee Refund Policy will apply as at the date ICM was advised of the student's deferral. The Fee Refund Policy will be applied as if the student started in the semester they deferred from and applied as at the date of that semester.
6. Where a Study Permit:
  - is refused to the student after enrolment; or
  - is not, for any reason, extended by Immigration, Refugees and Citizenship Canada;

ICM will charge the current term tuition and fees and \$500 cancellation fee if the student is enrolled in courses and provided notice of study permit refusal subsequent to course drop with no financial penalty deadline.

If the student provides notice of study permit refusal prior to course withdraw no financial penalty deadline, ICM will retain the cancellation fee set out in the table located on the ICM website under Conditions of Enrolment for 'study permit refusal' and refund the balance of the tuition, fees and charges paid by the student.

7. A student whose enrolment is terminated by ICM due to a breach of the terms and conditions of the contract between the student and ICM, including, without limitation, the rules, regulations and policies of ICM, will not be entitled to any refund of any tuition, fees and charges.
8. As set out elsewhere in these conditions of enrolment, ICM reserves the right to withdraw a program or course(s) from offer. If, as a result, a student is unable to enrol in a similar program or course(s) at ICM and the student wishes to cancel their enrolment, all tuition, fees and charges will be refunded, with the exception of a C\$500 administration fee.
9. The cancellation fee in the table below will be applied based on the date of the completed withdrawal forms are submitted with all supporting documents attached. Withdrawal requests must be accompanied by such information as is reasonably required by ICM. In the case of a cancellation unrelated to a visa rejection this includes but is not limited to:
  - an unconditional Letter of Acceptance to another institution for post-secondary level study leading to a diploma or degree; or
  - a confirmed airline ticket back to the home country.
