**ESR/ESW - students should only take one of the two courses per term. Students who end up jumping are not required to complete the second course.

UTP Stage I courses have no credit hour value and do not transfer to university programs; grades from these courses are not included in university grade point average calculations.

PROGRESSION FROM UTP STAGE I TO UTP STAGE II

The UTP Stage I program is designed to adequately prepare you for entry to university level programs. Students are required to successfully **complete eight (8) courses and ILS** during the UTP Stage I program with a minimum standing as specified for each pathway. Under normal circumstances, no course may be repeated more than once, but special permission for an addition course repeat may be approved by the Academic Manager. Students are required to maintain full-time status during their program of study by enrolling in four (4) UTP Stage I courses OR Academic English and a maximum of two (2) UTP Stage I courses.

70% JUMP RULE

Students may be eligible to "JUMP" to UTP Stage II if **in a single term** they successfully complete four UTP Stage I classes (not including ILS) **with a minimum 70% in each course**. See ICM Student Academic Handbook for details.
